Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 27 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Strong winds easing overnight. Occasional wintry showers. Becoming frosty.

This Evening and Tonight:
Windy this evening with scattered wintry showers and a risk of icy stretches on untreated surfaces. Showers gradually becoming confined to coastal areas overnight and clear skies developing inland. Becoming very cold with a widespread frost and strong winds easing. Minimum temperature -5 deg C (23 deg F).

Sunday:
Frosty start for many areas, risk of icy stretches on untreated surfaces. Scattered wintry showers for coastal areas, and then inland later. Feeling very cold, despite sunny spells. Less windy. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:
Monday frosty and sunny start, then cloud increasing with outbreaks of rain arriving. Tuesday and Wednesday will be windy with showers or longer spells of rain, and generally milder.
